Statute §2-9-201, MCA

Part 2

Comprehensive State Insurance Plan

2-9-201. Comprehensive insurance plan for state. (1) The department of administration is responsible for the acquisition and administration of all the insurance purchased for protection of the state, as defined in 2-9-101.

(2) The department of administration shall, after consultation with the departments, agencies, commissions, and other instrumentalities of the state, provide a comprehensive insurance plan for the state providing insurance coverage to the state in amounts determined and set by the department of administration and may purchase, renew, cancel, and modify all policies according to the comprehensive insurance plan. The plan may include property, casualty, liability, crime, fidelity, and any such other policies of insurance as the department of administration may from time to time deem reasonable and prudent.

(3) The department of administration may in its discretion elect to utilize a deductible insurance plan, either wholly or in part.

(4) Only the department of administration may procure insurance under parts 1 through 3 of this chapter except as otherwise provided herein.

(5) All offices, departments, agencies, authorities, commissions, boards, institutions, hospitals, colleges, universities, and other instrumentalities of the state hereafter called state participants shall comply with parts 1 through 3 and the insurance plan developed by the department of administration.

2-9-202. Apportionment of costs -- creation of deductible reserve. (1) The department of administration shall apportion the costs of all insurance purchased under 2-9-201 to the individual state participants, and the costs must be paid to the department subject to appropriations by the legislature.

(2) The department, if it elects to use a deductible insurance plan, is

authorized to charge the individual state participants an amount equal to the cost of a full-coverage insurance plan until such time as a deductible reserve is established. In each subsequent year, the department may charge a sufficient amount over the actual cost of the deductible insurance to replenish the deductible reserves.

(3) The department may accumulate a self-insurance reserve fund sufficient to provide self-insurance for all liability coverages that in its discretion the department considers should be self-insured. Payments into the self-insurance reserve fund must be made from a legislative appropriation for that purpose. Proceeds of the fund must be used by the department to pay claims under parts 1 through 3 of this chapter. Expenditures for actual and necessary expenses required for the efficient administration of the fund must be made from temporary appropriations, as described in 17-7-501(1) or (2), made for that purpose.

(4) Money in reserve funds established under this section that is not needed to meet expected expenditures must be invested and all proceeds of the investment credited to the fund.

2-9-211. Political subdivision insurance. (1) All political subdivisions of the state may procure insurance separately or jointly with other subdivisions and may elect to use a deductible or self-insurance plan, wholly or in part. Political subdivisions that elect to procure insurance jointly (pooled fund) under this section may obtain excess coverage from a surplus lines insurer without proceeding under the provisions of 33-2-302(2) through (4). Political subdivisions that are not in a pooled fund may obtain excess coverage from a surplus lines insurer without proceeding under the provisions of 33-2-302(2) through (4) only if the insurer carries an A rating or better by a nationally recognized rating company or is a Lloyds of London underwriter.

(2) A political subdivision that elects to establish a deductible plan may establish a deductible reserve separately or jointly with other subdivisions.

(3) A political subdivision that elects to establish a self-insurance plan may accumulate a self-insurance reserve fund, separately or jointly with other subdivisions, sufficient to provide self-insurance for all liability coverages that, in its discretion, the political subdivision considers should be self-insured. Payments into the reserve fund must be made from local legislative appropriations for that purpose or from the proceeds of bonds or notes authorized by subsection (5). Proceeds of the fund may be used only to pay claims under parts 1 through 3 of this chapter and for actual and necessary expenses required

for the efficient administration of the fund.

(4) Money in reserve funds established under this section not needed to meet expected expenditures must be invested, and all proceeds of the investment must be credited to the fund.

(5) A political subdivision may issue and sell its bonds or notes for purposes of funding a self-insurance or deductible reserve fund and costs incident to the reserve fund in an amount not exceeding 3% of the taxable value of the political subdivision as of the date of issuance. The bonds or notes must be authorized by resolution of the governing body, are payable from the taxes authorized by 2-9-212, may be sold at public or private sale, do not constitute debt within the meaning of any statutory debt limitation, and may contain other terms and provisions as the governing body determines. Two or more political subdivisions may agree pursuant to an interlocal agreement to exercise their respective borrowing powers under this section jointly and may authorize a joint board created pursuant to the agreement to exercise powers on their behalf.
